

MBLP055/Here And Now - REDWOOD DUB

Available on https://www.mareebass.fr/redwood

Here and Now est un album qui tient particulièrement à cœur l'artiste très actif qu'on nomme REDWOOD DUB dans lequel il a pu intégrer une dimension spirituelle à son travail musical afin de vous proposer une oeuvre originale et aboutie retraçant ses pérégrinations musicales des deux dernières années.
L'occasion aussi d'oser poser sa voix sur certains tracks et d'assumer une vision ouverte, engagée, sans frontière et sensible de la création artistique.

Stay Wise, Wild and High somewhere between Here and Now.
